About This Game

WaveLand is a speed-game for platform fighter fans! The community created "*Wavedash*", refined to be the ultimate movement option, is used to dash through levels with speed and style. Along the way, collect memory shard fragments to remember new abilities and progress through the world. Each level has two categories with separate leaderboards. Will you collect everything or save the frames?

New Dark Levels!

30 Levels have been reimaged in a more sinister way... Can you beat them all?

Gameplay First.

WaveLand is quick to get into, with little down time between runs.

So Many Options!

Short hop, ledge dash, dash cancel, fast fall, shine stall, and many more.

Level Editor!

Create and play custom levels via Steam Workshop.

Play Your Way.

Supports Keyboard, XInput controllers, and DirectInput controllers, you can use what you're comfortable with!

Learn to Speedrun!

Join the community Discord server to participate in races and discuss speed strategies!

Title: WaveLand
Genre: Action, Adventure, Indie, Racing
Developer:
rologfos
Publisher:
rologfos
Release Date: 18 Apr, 2017

a09c17d780

English

A very unconventional platformer for people who want to try something new.

Movement is based on momentum with a number of abilities and tricks available for different situations, all of them difficult to master.
